This column is for Herald readers to express their opinions on questions of the day. They are not necessarily the opinions of this paper.

**To Curb Inflation**  
Inflation can be stopped only by curbing the causes, and not by more government spending and new controls to handcuff productive efforts.  
Recent Presidential messages to Congress have not given a true picture of present business profits. These messages contended that profits are too high, but neglected to state that the volume of services business renders has nearly doubled.  
Profits are necessary to finance the productive expansion that the country desperately needs. Profit figures which reflect a tremendous amount of services rendered seem large because America's enterprise system is vast and effective. Profits are extremely small compared with the total amount paid out in wages, and they represent but a small price for the capital used in production.

but it is something else to defend it. It is more important to defend the country than to defend the money. Now, because of our inertia, let the time come when the youth of our country will again be called on to give their lives in its defense.  
I challenge each person who loves his home and his family to ACT NOW. NOW is the time to wear against the poison that is permeating the very air we breathe right here in Belle Glade—poison aimed at undermining our Democratic way of life.

**Make Democracy Work**  
A democracy to live and endure must have a citizenry that is prepared and able to make democracy work. If we are to survive as a democracy, we must be able to make it better than any other form of government.

There are two ideologies at work in this world. There is a cold war at present between these ideologies, with prospects for a hot one that some claim will end the so-called civilization if it should occur.  
Our form, a democracy with, in a republic, we believe is the best yet thought up by man. As long as we maintain the freedom of speech, of assembly, and of the press, guaranteed to us by the First Amendment, we will advance and become a more perfect union, acquiring fulfillment of desires through increased knowledge, advancing toward that maturity which knows what it wants, and how to get it. It is a well known fact that dissatisfaction, poverty, depression are the seeds in which these so-called foreign "isms" take root.

Therefore it is my profound conviction that something must be done, that our best efforts and talents be used to inculcate in all citizens, especially the youth of our nation, a greater knowledge of that science which bears on Human Relations: the social and economic problems which show us not only the cause but the cure for periodic depressions, poverty and the fear of want, was and all the fear that goes with it.  
Economic illiteracy is the big, big curse of any democracy, and unless that condition be overcome our government will fall into the hands of a power more fearful than any yet produced. Unless we are vigilant, the rights we now have may soon disappear.

The young men and women graduates of our schools have little opportunity to discuss problems touched on in the schools. It is through discussion, that in these days of so much confusion, the old Town Meeting, or some form of public forum should take root in all parts of our country.

promotion were made by County Superintendent Dr. John I. Leonard to William Eugene Byrd, JoAnn Lasher, Alvin Leonard, Garrett, Carolyn June Goodman, Sara Irene Goodman, Elizabeth Jane Hall, Arthur Joseph Harrell, Norman Kenneth Hunt, Peggy Anne Keller, Myrna Lizine Lockmiller, Jimmie Charles McAllister, Orrin Brian Manning, Raymond Garrett Martin, Dick Harry Morse, John Walter Revis, Minnie K. Sander Sanders, James Ronald Stokes, Gladys Mae Scarborough, Gerald Floyd White, Jackie Leon White and Jack Larkin Wilcher.

The program closed with one stanza of the "Star Spangled Banner" followed by the Pledge of Allegiance by class and audience and the benediction by Rev. A. Hedberg, pastor of the Methodist Church at Lake Harbor.

**POLICE - WATER WORKS**  
Salary boosts seen to be the order for City employees, for following up the raise granted the City Firemen, the police and water works department employees, came along with a like request.

The commission granted four long time employees of the water department a 10% a month raise, and the entire police force, including the chief, an increase of \$23 a month, and Building Inspector Willis, a \$25 a month allowance for maintenance of his car, used in city work. The boosts were to meet long hours service and advanced costs of living.

The Commission directed the Clerk to place an order for an 18 inch pump for pumping water from the City rock pit. The city plans to operate the pit itself, rather than to contract such work, hoping by this means to save in the price of rock, sufficient to pay for the new pump.

A co-operative Cemetery organization for the operating of the Port Mayaca Cemetery, between the towns of South Bay, Belle Glade and Pahokee, with Clewiston invited to join in, is

**Clewiston Methodist Build New Church**  
The Clewiston Methodist Church, which is on the corner of Moore Haven, is the pastor, have started the erection of its new church edifice, which will be built by Charles Pirkle. The church will include an auditorium with a seating capacity of 200 and several rooms for Sunday school classes. Additions will be made later.

**NEWS VIEWS**  
By E. D. DEOG  
I read that Italy is planning to harness some of its volcanic power. Like the fellow who tried to cure a snake with a wasp toothpick, this seems to be doing things the hard way. Somebody once said, "When in Rome, use Roman candles." But the saying went out with the candle. Anyway, there's a definite power shortage in the land of the Caesars, and the Italians are trying to make light of it with an insect from the local fire-spreading jungles. I hope that, when a fume blows out the house will probably go with it and the radio are apt to feature the song, "Lava, Come Back to Me."

**DOUG**  
But, we think we know a lot about the apothecary business with all its ramifications. We know drugs. We carry only the best stocks of the finest pharmaceutical companies. Our fresh and potent drugs go into the compounding of our prescriptions. June is supposed to be the longest day in the year, but it would be longer if you could convince a child of that on the 24th of December. We're not planning Christmas in June! We just want you to know that in any season you'll get a friendly welcome here at **GLADES DRUG STORE**. And if you want to give a real welcome Sunday, Father's Day, stay in now and pick up that greeting card.

**Whirl Girl**  
You'll put hearts in a whirl in your fall-skirted printed pique Lil' Alice dress with crisp waffle pique yoke. Sizes 9 to 15.

ated official chief, had fires roaring when the main party arrived. He was helped in this task by Larry Royal, Crawford Roy, Jack Hollinsworth, and Curt Williams.

Showing the experience he had gained in the Marine Corps, Sullivan had everything under control.

J. G. Sullivan, Clewiston, served as director in boiling swamp-cabbage, while Jernie Gamble, Jack Hollinsworth, Gibb Brown, Crawford Royal, and Durward Brannon took care of frying fish.

The menu consisted of fish, cabbage, coffee, lemonade, potatoes, and rolls, but some of the picnickers couldn't get away from their home raising. Georgia was present, that is in the form of streak-of-lean, streak-of-fat-bacon.

The event was enjoyed by all. Attending were: Marvin Carter, Lamar Hunt, Mrs. Eula Thomas and son, Johnny, Mr. and Mrs. H. S. Sewell and family, Mr. and Mrs. J. G. Allhans, Mr. and Mrs. G. L. Royal, Mr. and Mrs. J. S. Brannon, P. E. Hollinsworth, Mr. and Mrs. Jack Hollinsworth and daughter Vickie, Mary Royal, Mr. and Mrs. Ray Sullivan, Mr. and Mrs. Gibb Brown and family, Crawford Royal, Mr. and Mrs. Jesse Pate and son Larry, Mr. and Mrs. Kenneth Smith and son Kenneth, Jr., Carrie Gove, Mrs. Jennie Gamble, Annie Murphy and daughter, J. G. Sullivan, Mrs. Zolzie Royal, Larry Royal, Curtis Williams, Albert Stevens, John Breger and Durward Brannon.

**MISS GERALDINE DRAA ATTENDS GIRLS STATE**  
The American Legion Auxiliary sponsored Miss Geraldine Draa to attend Girls State in Tallahassee this year, and this announcement and the presentation of an expense check was made at the meeting of the Auxiliary Friday night.

Miss Draa will be a senior next year, and is the daughter of Mr. and Mrs. H. V. Draa. She left Sunday for West Palm Beach to join other girls attending from this section of the state, traveling by bus to Tallahassee.

This selection is made by the school faculty each year for the Auxiliary from students in the Junior class.

Miss Draa was honored by being chosen as the alternate.

**B. P. W. CLUB MEETS AT CREECH HOME**  
Tentative plans for national Business Women's week were made by the Business and Professional Women's Club at their meeting Tuesday evening which was held at the home of Miss Sara Creech.

Reports on the City clean-up campaign were given, and plans made and the year's objectives outlined. Mrs. Mary Foy discussed the local Flag Day celebration, and Miss Creech reported on the inter-racial committee and their future plans.

Members attending were Mrs. Imogene Fontaine, Mrs. Norma Urcioli, Mrs. Mary Pope, Mrs. Margaret Sharpe, Mrs. Louise Choate, Mrs. Mary Ann Arnold, Mrs. Louise Rhodes, Mrs. Helen Larimore, Miss Evelyn Lee, Mrs. Happy Ogle, Mrs. Mickey Cline, Mrs. Florence Jones and Miss Gene Rushing.

The next meeting is scheduled for July 20 at the home of Mrs. Choate.

**DETA SIGMA PHI TO MEET THURSDAY**  
Beta Sigma Phi members are very proud to have their newly formed sorority headed by Mrs. Ruth Wedgworth and Mrs. James J. Ball as director and sponsor.

It was decided during a brief session following the initiation ceremony held at the Country Club last week to conduct the first meeting at the home of Mrs. Tom Watson on Thursday evening at 7:30.

Mrs. William Alexander, field director, attended the convention held at the Robert Richter Hotel on Miami Beach over the weekend and will be the guest of lights of this annual affair.

The 36 members include Mrs. Frank Anderson, Mrs. E. H. Browning, Mrs. Tom Chappell, Mrs. Paige Choate, Mrs. Clyde Clayton, Mrs. C. T. Cone, Mrs. Frank Close, Mrs. Junius Harris, Mrs. Bea Fleming, Mrs. W. S. Ingram, Mrs. Eddie Jones, Mrs. A. E. Kirchman, Mrs. Charles Lantz, Miss Mary Frances Ledbetter, Miss Evelyn Lee, Mrs. E. M. Lively, Mrs. Earl Lindrose, Mrs. Tom Lloyd, Miss Christine Lynn, Miss Mary Alma Murphy, Mrs. Rosa Nash, Mrs. Ralph Pipes, Mrs. Nicky Puff, Mrs. D. A. Roemer, Miss Gene Rushing, Mrs. W. T. Simmons, Mrs. Constance Smith, Mrs. Margaret Tharpe, Miss Lillian Krayer, Mrs. A. Urcioli, Mrs. Florence Smith, Mrs. Tom Anderson, Mrs. Norma Weeks, Mrs. J. G. McWhorter, Mrs. Dorothy Wright, and Mrs. W. A. Wooten.

**BAPTISM CEREMONY FOR ANGELA KIRKLAND**  
At the home of Mr. and Mrs. Don Kirkland, on Sunday afternoon, Rev. Herman Dany, pastor of the Everglades Presbyterian Church, conferred the rite of baptism upon Angela Dannel Kirkland, the new daughter in the Kirkland home. Mr. and Mrs. Monte Hays, of Long Beach, great grandparents of the child, were the God folks.

**ROYAL STORE FAMILY HAVE OUTING OVER ON ST. LUCIE CANAL**  
Royal's Inc. had its annual summer outing on the St. Lucie Canal at Port Mayaca on June 9th.

Over 50 employees, friends, and relatives of G. L. Royal attended the picnic.

Ray Sullivan, who was nomi-

Mr. and Mrs. Connie Bowen whose wedding was an event of Sunday June 6th at the First Baptist Church. The bride is the former Betty Jean Roberts, daughter of Mr. and Mrs. S. A. Roberts, Sr.

**Flys To Texas Convention**  
W. P. Risk, of the Agricultural Insecticide Co., left by plane from West Palm Beach, Wednesday, to fly to Dallas, Texas, where he will attend the annual convention of the Southwestern Seedmen's Association. He expects to be absent about 10 days.

**Good Fishing Enjoyed In Mobile Bay Waters**  
Mr. and Mrs. James Mc Mullen and family, who have been spending the past three weeks, at Fairhope, Ala., on Mobile Bay, have returned home. As some of their relatives have of the institution.

large water craft, Mr. Mullen states that he got plenty of deep water fishing off the fishing grounds of that area. He also reports that the farmers of that section are reaping riches from their vegetable crops, especially potatoes.

**To Become International**  
Plans to make Middle-Inter-American College completely international in scope within the next few years, with faculty members representing every nationality and students attending from every country in the world, were revealed recently by John Paul Riddle, president

### NOTICE

### Methodist Bible School Gives Attendance Awards

The Community Methodist Bible School, of which "Spotty" Burr is the superintendent, has been conducting an attendance contest for the past six months, and on last Sunday morning, awards were made to the 23 persons who had scored perfect attendance, and these were given in privilege of selecting their own trophy of a Bible, a New Testament, a Cross and Chain, a Will, and selected bible stories.

Those who were awarded recognition and trophies were: Nurses: Verna Hargrove, Penny Carlton, Peggy Carter, Jimmy Hoffman, Michael Berryhill, and the teacher, Mrs. Carlton.

Kindergarten 1: Jacky Hoffman, Bobby Schoenfeld, Barbara Ballard. Kindergarten 2: Marie McDonald, Primary 1: Carolyn Schoenfeld, Billy Schoenfeld. Primary 2: Jay Freeman. Primary 3: Mary Felder, Charles Schoenfeld, Sue VanLandingham. Betty Jane McDonald, Junior 1: Karen Allison, Billy Elder, Junior boys: Billy McDonald, Bobby VanLandingham. Junior girls: Winifred Burry, Gail Allison.

Intermediate girls: Betty Jean Harris, Dorothy Kidder, Wanda Mackey, Kathleen Vandewater, Seniors, Marguerite Campbell.

**Local Scouts Go To Lake Osborne Camp**

The members of Boy Scout Troop No. 22, leave on next Sunday, for Lake Osborne, near Panama, where they will enjoy their annual outing and camp training period. On that date there will be a water front demonstration open to the public.

The troop personnel attending will be: Jerry Brent, Joe Leavitt, Larry Simmons, Peter Seale, Ronald Jones, Junior Collins, Dan Crosby and Jerry Burry.

**LOCAL CHURCHES**

(Continued from Page 1)

under facilities that have been selected to carry on the educational work.

This year the Everglades Presbyterian Church will join with the Community Methodists in the sponsoring of their school while the Baptists will conduct theirs under customary methods.

At the conclusion of the schools, each will have appropriate graduation programs and the award of merit souvenirs, and likely an entertainment party.

At the E. Enlow, of the Baptist Church, announces the following faculty members for this year's school.

Beginner's department, Mrs. Harry Collier, B. Fleming, Lucy Gregory, Mrs. Jane Rashley.

Intermediate, J. K. Baker, Mrs. Jessie Beckman, Mrs. W. F. Forney, Mrs. H. E. Jones, Juniors, Mrs. Grady Edwards, Mrs. Charlotte Enlow, Mrs. H. O. Eardwood, Mrs. G. A. Smith.

General committee, J. E. Enlow, advisor; A. J. Richmond, athletic; W. L. Cunningham, music; Patsy Chamblie, secretary; Mrs. J. W. Rashley and Caroline Cato.

Rev. L. F. Vandewater states that the program at the Community Church will be a bit different this year, in that department will be a co-operative study in Missionary Education as outlined by the Friendship Press for the Evangelical and Junior divisions.

entitled "The Bible Goes Round the World". The primary department will study "We Go To the World and the Undergarment." "The World About Us".

Sessions will be from 8 to 11:30 o'clock, and the facilities of the school is open to all youth of the city.

**EVERGLADES FEDERAL**

Continued From Page One

plans to build a new office on Avenue B, of modernistic architecture. The space allotted to bank use will be sufficient to form large and excellent banking office facilities.

The Everglades Federal Savings and Loan Company has been in business for 13 years with C. E. Riedel, Hugh J. Bratley, Herbert Beck, A. J. Kirchman, and Walter Hooker, as its members. Family from a modest start the company has now under its last financial statement grown to an institution of a million and a half dollars in capital.

The little building in which the bank is now ensconced formerly stood on the canal bank where the Sanders block now exists, and when that structure was erected, was moved across the street to its present location. The bank hopes to be in its new home in the late fall.

Mr. L. E. Will two years ago purchased the Avenue B property with intent to improve same with a bus terminal, but has since decided not to progress with that deal, and sold a portion of the site, he retaining the

Continued from page 1

an unhealthy condition in that respect, buyers being able to buy at practically their own price, and low prices.

Prices FOB locally were less in former seasons, and many cars sent of consignment for market sale, proved heavy if not total loss of income. Past season, these were a drag on the market.

In its annual report issued the past week by the State Maritime Board it made a summary of the average and shipment of celery from the Florida growing areas, as follows:

Seminole, 4100 acreage and 3770 cars; Sarasota, 1350 acres and 1436 cars; Palm Beach, 4200 acres and 2116 cars; other areas, 2550 acres, 3123 cars, a total of 11,900 acres and 8,436 cars. The shipment of celery by trucks equivalent of cars loads, 1234.

The record showed that the largest movement by truck for the past ten years was in 1940, when 1681 cars were moved.

The record of the car movement from the Glades in comparison forwardings show quite a fall down, largely through the market holiday, and the non-harvesting of many hundred acres of celery, due to numerous reasons. At some periods of the season, the market prices were not high enough to pay the growers to cut their product. Market demand all through the season was on the dull side, and prices were of a like type.

**Odd Fellow Jubilee Dates**

Patriciah William Odd Fellows of South Florida, will observe their second annual Jubilee encampment, at Ft. Lauderdale, on July 4 and 5.

The first two days in that city; and the Monday picnic session at Grinnell Park. The event will be open to all branches of the order, from the east and west coasts.

**Gene To Hot Springs**

City Commissioner Harold Rubin is in Hot Springs, Arkansas, for a sojourn at that health resort, and later will make a business trip through the north and eastern states.

**Elks Observe Lodge Of Sorrow For The Late G. A. Taylor**

In the ritual of the Elks' lodge there is provision made for the observance of a "Lodge of Sorrow" in remembrance of members who have passed this life. For the second time in the history of the local lodge, such ceremonies were conducted, this time for the late George A. Taylor Sr., a charter member. The eulogy for the deceased, a beautiful tribute, was spoken by Walter Hewler.

Frank Donley, as chairman of a special committee to raise funds for the Harry-Ana Crippled Children's Home at Umatilla, made its final report on its project, and as a result the lodge will send its check for \$425 to the home. Billy Crider will be listening to music over a fine new radio.

**HENRY'S GRANDSON**

Continued from page 1

holds the Belle Glade Ford sales franchise, is smiling all over his face, with the knowledge that he possesses over the New Ford Cars, which he is exhibiting at his place of business on East Avenue E, this Friday, and in which all car owners and the public are invited, in his attractive show room.

The Ford Company, its thousands of dealers, and its new brand new production, and from reports made since the displays began, so are the public, of the school is open to all youth of the city.

to develop and produce the 1949 passenger cars alone, the Ford Motor Company has expended more than \$37,400,000 in tools, dies, jigs and fixtures.

STYLINGS—The modern designs has been molded along functional lines, resulting in a long, low, sweeping silhouette. The grille is distinctive, the hood massive but shorter and the body so wide the rear fenders have been eliminated. There are clean unbroken lines from front to rear.

COMFORT—Comfort has been one of the primary objectives in the new Ford. There is more room in the "Lounge Car" interiors than in many cars with

much larger over-all dimensions. Front seat widths have been increased six inches and the rear seat nearly eight inches. The body has been moved five inches forward with the seats cradled between the axles for a much smoother ride.

A new type of suspension system—"Hydra-Coil" Springs—replaces the traditional transverse springs and the front axle. This system is centered around the type shock absorbers mounted within low frequency coil springs. In the rear, extra long longitudinal springs are complemented by airplane type shock absorbers.

There's more leg room in the new cars because the size of the drivetrain tunnel has been de-

creased by adoption of the Hotchkiss drive and the hypoid rear axle. These engineering changes also minimized the transmission of road noises into the car.

Engine vibration has been reduced by literally floating the power plant on rubber mounts. A new heating system available in the new Fords brings year around comfort to driver and passengers in the new Ford.

Fresh air is scooped in through the car through large intakes just behind the grille. The system can be used as a fresh air ventilator, a fresh air heater or as a recirculating heater by selecting the position of an easily operated control knob. An automatic temperature con-

trol also is available. Fresh air, plus pressure effect obtained by the car's forward motion reduces fogging and drafts.

OTHER FEATURES—Interior styling is colorful and practical. Traditional, neutral-toned automobile fabrics have been discarded for new tweeds, broadcloths and mohairs which retain the ability to absorb hard family usage.

Hardware is massive and attractive. Door handles and other hardware are much easier to operate. The doors have new type locks which eliminate all possibility of persons being locked out of the car with the keys inside.

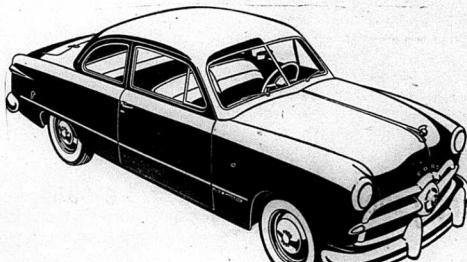

The flight panel dash provides centralized grouping of in-

struments for quick-easy reference in line with the driver's view of the road. Fuel level, oil pressure, water temperature and charge indicators are placed outside the rim of the speedometer. The glove compartment on the right hand side has been enlarged.

Chrome trim, both inside and out, has been reduced considerably. Mr. Bolton said: "There are two lines of cars, the Ford and the Ford Custom. Body styles in both lines include the four door sedan, two door sedan and club coupe. Convertible and station wagon models are obtained only in the Custom line, and the three passenger coupe only in the Ford line."

# NEW 1949 FORD

## The Car Of The Year

There's a new Ford in your future

**ECONOMY**—Asked about the economy of the new Ford, Belle Glade Motors advised: "Economy of operation has been increased up to 19 percent for the new six-cylinder engine and the extensively redesigned V-8."

Both the V-8 and Six engines are offered as power plants in all Ford models. Other engineering features result in better performance and longer engine life.

Increasing miles per gallon has been effected mainly through a new intake manifold and the introduction of the "Equa-Flow" Cooling System.

The new intake manifold achieves better fuel distribution. It is attached to the engine so that it is in contact with the intake manifold, reducing the tendency of raw gasoline to flow toward the rear cylinders and smoothing out engine operation.

The new cooling system contributes to good performance under extreme conditions by improving general operating efficiency. Water flows in volume and full length of the radiator in "hot spots" in the six and eight cylinder engines have been decreased by as much as 12 degrees. There are larger water pumps in the V-8.

Improvements in the ignition system also have contributed to increased economy and efficiency.

As much as 25 percent improvement in gasoline economy may be achieved by taking advantage of the overdrive which is available as factory-installed optional equipment, resulting in a substantial savings during the life of the car.

There are eight durable new exterior colors, Bayview Blue Metallic, Birch Gray, Sea Mist Green, Arabian Green, Colony Blue, Gun Metal Gray Metallic, Midland Maroon Metallic and Black.

Two additional colors—Faz Red and Miami Cream—are available in the convertible only.

**SAFETY**—New standards of safety have been set in the rugged construction of the chassis and body. The box-type frame is of all-welded construction. Although it is lighter, combined with the body it is 59 percent more rigid.

Lowering the over-all height by four inches and placing the seats between the axles result in a lower center of gravity, an aid in safe driving.

The windshield has been increased in height and width and the rear window now provides "Picture Window" Visibility for driver and passenger. The rear window is larger than the ordinary windshield. There is as much as 20 square feet of windows in the new cars.

All doors hinge at the front. Inside handles push instead of down to open the door. Both features combine to preclude accidental opening of the doors while the car is moving.

**PERFORMANCE**—Increased performance values are one of the highlights of the new cars.

Steering has been greatly improved. The new Ford may be guided by a minimum of effort even under severe driving conditions. Road shock have been minimized. This is the result of a newly designed linkage in which the pivot point of the tie rods is on the same center line as the wheels.

Engineering changes, some of them already mentioned, in the engines contribute to smoothness of operation. These include the new cooling system and intake manifold, also redesigned combustion chambers and improved crankcase ventilation system as well as other features.

The 114-inch wheelbase, which is most successful in parking and in moving through heavy traffic, has been retained.

The new Six develops 95-horsepower, providing better acceleration in passing and heavy traffic.

## OBSERVATIONS

Continued from page 1

Ogle, are the proudest people of the Veteran bunch. The kitchen and facility will provide some mighty good feeds.

Seeing that class of graduates come in with Cap and Gown at the Commencement exercises, took my mind back to Leetonia, Ohio, where in June 1893, I received my diploma. That class was composed of eleven girls and three boys, and the scholastic race was keen all that senior year for honors, with

myself drawing the Salutatorian's honor, beat out by less than one percent, by my then sweetheart. It was tough but endurable from such a sweet girl as she.

I recall that my oration subject was "The Young Man in History, and all that I remember of it now, was this one sentence concerning Napoleon Bonaparte, "the little island of St. Helena, was the only witness to his fallen glories."

No more will we see the gen-

eral face of Mayor George A. Taylor, about our streets, or be greeted with his friendly salutation, and in friendship the writer has lost a good fraternal brother. During his mayoralty, I often had friendly conversations with him, and found that he was imbued with the idea to do everything possible to advance his city. When the time comes that Belle Glade has the Crippled Children's Hospital in operation, and we have a city sanitary sewer system, they will be monuments to the memory of our past chief magistrate, for through his personal and official efforts were these projects promoted. When he was engaged in the merchandise business, many a worthy family, were the recipients of his unpublicized generosity in way of food supplies. He was a man well worth knowing and being called friend.

When that good ministerial father of mine performed the ceremony which made Clara Bartholomew and John M. Glade, man and wife, on June 18, 1930, he must have tied a good nuptial knot, for it had held firm and binding now for 48 years. The young man, now happily and pleasantly, for he has been a wonderful life full of experiences and some up and downs. It is a wonderful thing to have a congenial companion as you pass down the path of life, to work with and encourage you when it is needed. The Golden wedding anniversary does not seem to be so far away.

Flowers in their silent way, have a way of expressing the sympathy of friends, and comfort to the bereaved.

The members of the city police department, who worked with the school Safety Patrol, state they enjoyed their service with the lady, who were watchful and careful in their work and were of great assistance to the police. The officers hope that a similar organization, with as good boys in the line up, will be working again next year.

Hub caps from automobiles are disappearing from the vehicles, in all sections of the town, through some unknown source. Another group is playing with matches and two fire have originated from this source. Must be stealing caps for resale for profit.

Small things may grow into large ones, for good or evil. Therefore it behooves all to guard against the little things growing into big things that may become an evil menace.

"Life is a story of volume three. The past, the present and the yet to be. The past is finished and laid away. The present we are reading day by day. The future and last of the volumes three. Is hidden away from sight, God holdeth the key."

New Masonic Lodge To Be Instituted At Clewiston On July 1

Announcement has been made that the new Sugarland Lodge (UDF) A. and M. will, be instituted in Clewiston, on Thursday evening, July 1st, with District Deputy Grand Master Frank Thompson, as the

instituting officer.

Grand Master Hal Adams, of Mayo, has named C. M. Pirkle as the first acting Worshipful Master of the new lodge. The lodge has set the first and third Thursday nights of each month as its meeting nights, at the new temple erected for its place of meeting.

Lodges from around the lake area are expected to attend and have a part in the program of the occasion. A number of the members of the new lodge, will come from the lodge at Moore Haven, and other localities in Hendry county. With the institution at Clewiston all the lake towns from Okeechobee to Moore Haven, will have a close chain of Masonic lodges.

Fellowship Meeting Inaugurated By Local Presbyterians

Capacity congregations are continuing to attend the Sunday evening services of the Everglades Presbyterian church, where the Rev. Herman Dam, the pastor, is preaching some mighty fine spiritual sermons. The church session has decided to make a house to house canvass, seeking out new members, which work will be in charge of the men missionary work which will likely get started next week.

During the summer, a combined fellowship and prayer service will be held at 7 o'clock, followed by a table discussion of religious matters, by the pastor, invited guests as speakers, and the members of the congregation.

The Presbyterians of south Florida will hold a Youth Fellowship camp at Mt. Dora, June 24-30, and the Everglades church will be represented by Lucretia Campbell, Mary Jo Campbell, Nelsa Milton, and Robert Compton. John Robinson and Mrs. Robert Roadman, will go along as chaperone.

Father Is Worthy Of Recognition On Father's Day

Next Sunday throughout the United States, will be celebrated as Father's Day, in some churches and in many homes. Remembrance only in some homes, from which the father has gone never to return, and in others to still living parent. There is nothing too good for the man of the house, who labors hard each day, week and month, to keep a happy home for his brood, food for the table, clothing for the body and the comforts for the entire flock.

No one knows how hard "dad" works, how weary he grows each day as he plys the tools of his occupation, and how tired he is as he returns at night to gain his necessary rest to meet the duties of the following days.

Father may not be as demonstrative as the mother, but his interest in his family circle, his deep and lasting, no sacrifice is too great to make. Then why on this stated national celebration in his honor should not be given full accordance of his necessity, importance and paternal love? Just show a little attendance to the "old man" with a kind word of appreciation, a little favor, or some useful gift. Then see how he appreciates this wifely and filial fealty as he gives each and every one a fatherly smile.

## BELLE GLADE HAS

Continued From Page One

This occasion there was nothing left undone to make it a perfect occasion. Beautiful stage effects had been evolved by the artistic workers, and the Juniors, did the ushering of the attendants to their seats. The Band joined in with its musical program, and the large audience joined in the enjoyment of the program. Only the Seniors were on uneasy seats, with anticipation of receiving the awards for their four years of ardent study.

To gain scholastic awards that brings the Valedictory and Salutatory honors, means long and steady application to the texts books, for those to whom the laurel wreaths fall, and this year, these honor students were Anne Kirchman and John Bregger. In short addresses Anne and John gave their thanks and appreciation, for themselves and classmates, for what had been done for them in an educational way; words of appreciation to the faculty members, and their experiences with their classmates.

For many years, Superintendent John L. Leonard, has been making annual pilgrimages to the Belle Glade, to present the members of the graduating class, their diplomas, and he expressed a tinge of regret, that he would be able to serve in that particular capacity in the future.

In a few preliminary words, he distributed the "sheepskins" to the seniors as their names were called and approached the platform to receive them.

There is a custom in Belle

Glade, that there are other recognition awards granted to the seniors for special outstanding records in work, and this feature was in charge of Principal Frank O. Hobson, who announced the winners and presented them with the trophies, which will have the winners names engraved upon them for the school year of 1947-48.

The investigation was prompted by Rev. Herman Dam of the Everglades Presbyterian Church and the benediction by the Rev. J. Lively of the Catholic Episcopal parish.

The real treat of the evening came with the annual address delivered by State's Attorney Phil O'Connell, who is well known for his ability as an orator and speaker, and as usual he pleased, his topic being "Future Success."

For the completion of this story, and record, the names of the 1948 graduation class a number of whom expect to go away to college in the fall, are as follows: Misses Elizabeth Stevens, Mary E. Kidder, Grace Eggleston, Helen Friedlander, Nancy Crossen, Darlene Mobley, Mary Williams, Boots Young, Emogene Greenwood, Odell Henderson, Doris M. Kiddle, Ruth Stacey, and Anne Kirchman. Messrs. Claude Johns, Jimmy Ball, John Bregger, Hubert Swain, Albert Stearns, Jimmy Annapp, J. K. Davis, Ralph Cassauze, Carroll McDonald, J. T. Harrell, Billy Strickland, Robert Stacey, and Edna Edens. Reges Cunningham and Franklin Stallings.

## Scarborough's Resignation Is Now Effective

City Commissioner George Scarborough, is no longer connected with the city commission as the date of his acceptance as fixed by the Commission for June 16th is past.

The Commission will now run along with four members until after the September municipal election, and the coming election there will be two commissioners to be elected for two years, the seats now occupied by Commissioners Weeks and Rab-in; and one for one year, the balance of the Scarborough term.

## Sea Scout Cruise

Nine Sea Scouts under the leadership of Shelly Connell and Dr. Bregger from Belle Glade, Florida enjoyed a week end cruise which left from the Port of Palm Beach to Miami and back. The Cruise was made with 57 Sea Scouts and Leaders in the Gulf Stream Council, Boy Scouts of America aboard a 173-foot PC boat stationed at Palm Beach. The Cruise was under the leadership of Commodore R. R. Thompson who arranged a program of Seamanship participated in by all Sea Scouts. The program included a turn at the wheel as

helmsman by every Scout, rope work, fire drills, abandoned ship drill and other seamanship. The boys ate their meals aboard the PC and slept aboard the 300-foot DE Tills in Miami.

The large group was divided into 4 sections under the leadership of Wendell Guyer, West Palm Beach, Perry Duke of Pahokee, Garland Hayes, Jr., Ft. Pierce, Lloyd Thorpe, West Palm Beach, Dr. Tom Bregger and Shelly Connell, Belle Glade and Alfred Suhr and Rhoy Johnson, Lake Worth.

## LEGAL NOTICES

**SOUTH BAY BEAN CITY LAKE HARBOR**

Mrs. R. S. Donaldson has returned from the Belle Glade Hospital and is recuperating at the home of her son, J. W. Mathewson.

Mr. and Mrs. Leland Hardy arrived from New Orleans and will spend the summer with Mr. and Mrs. F. W. Mutchler and other relatives in South Florida. They visited his grandfather, Lewis Hardy at Panama City, Mr. and Mrs. Herbert Priest at Gainesville, his mother, Mrs. Walter Bouten at Orlando en route to South Bay.

Chief of Police C. G. Payne, Mrs. Payne and her father J. U. Nix left Monday morning on a week's visit at Florence, S. C. with their son, J. C. Payne, and daughter, Mrs. E. C. Poston and their families. Mr. Nix will visit in Atlanta, Ga., before proceeding to Florence where he will remain indefinitely with Mr. and Mrs. E. M. Nix and family.

John R. Crow of Miami Springs spent Sunday with his parents, Mr. and Mrs. A. B. Crow. Mrs. Crow, Mike and Sharon, who spent the week with Mrs. P. E. Goodbread and the Crows returned home with him.

Mr. and Mrs. J. S. Aly of Moore Haven went to Tallahassee to attend the graduation of their daughter, Miss Thelma Aly, planning to go on to Wisconsin to visit the daughter, Edith and her family before returning home.

Mrs. A. P. Graham and children, Mary and Johnny of Sebring are visiting her brother, C. M. Crichfield and family for a week.

Mrs. Bessie Cranford left Friday to spend the summer with her daughter, Mrs. Jean McDowell at Bainbridge, Ga.

Mr. and Mrs. Raymond Moore of Vero Beach spent from Friday to Monday with the parents, Mr. and Mrs. C. L. Scarborough.

Jack Wilcher left Monday for a vacation visit with his sister and her husband, Mr. and Mrs. Lyman Smith at Macon, Ga.

Frank Kelsoe left recently for Morrisville, Pa., where he has employment for the summer. Mrs. Kelsoe and children will leave this week to spend the summer at Atlanta, Ga.

Miss Angela Fischer who has been attending Rosal Kain High School at St. Louis, Mo., and Antonio Sansone, also of St. Louis are guests of her mother, Mrs. J. C. Fischer and family.

Miss Lucile Hinchey of Venice, Miss Hazel Hanchey, Mrs. Owen Knight and daughter, Alice of Fort Myers visited Mrs. Edwin Loathlean and family on Thursday.

Mr. and Mrs. H. O. Mitchell have gone to Hamilton, N. Y.

Russell Fisher, Jr., of Gainesville visited his father, R. G. Fisher over the week end.

Mr. and Mrs. Ed Holt and

daughter, Donna Jean have returned from a week end vacation at Ft. Lauderdale Beach.

Mr. and Mrs. Leland Keene and daughter Patsy have returned to their home at Gainesville after a week's vacation in South Bay.

Leland Hardy and Laymon Hardy have gone to the keys on a scientific expedition to secure specimens of flora and fauna for experimentation in the Glades.

Out of town week end guests of Mr. and Mrs. W. J. Strickland who came to attend Billy Strickland's graduation from the Belle Glade High School included Mrs. J. W. Garrett, Wallace and Charney Garrett and Miss Jean Jackson of Brooksville, Miss Ruth Reed of Desota City, Mrs. O. L. Strickland, Mrs. and Mrs. J. L. Strickland, daughters, Louise and Elene of Homestead.

Mrs. Ruth Murphy is leaving June 24 to attend the summer session at Southern College in W. W. Murphree, son, George, are leaving at the same time to spend the summer at Vanderbilt, Tenn. where Mrs. Murphy will join them at the close of summer school.

Mrs. O. L. Strickland left Sunday for Orlando where she will visit her daughter, Mrs. A. E. Cannon.

**Veterans On Fishing Outing**

South Bay Post No. 161 American Legion enjoyed a deep sea fishing trip off Jupiter Inlet Sunday and report a catch of several hundred pounds of fish. Ten of the veterans were on the outing.

**Kiddies Enjoy Party**

The Sixth Grade enjoyed a beach party Saturday at Lake Worth. They were accompanied by Mrs. Ruth Murphy, Mrs. Leslie Martin, Mrs. Lucille Walker and J. C. Summerlin. Children in the party were Nada Lee Cumpston, Janice and Jimmy Lou Summerlin, Byron and Marsha Walker, Jimmy Williams, Mickey Herring, Ronald Martin, Jane Allen, Lomax Harrell, and Virginia Kelsoe.

**Kiddies Enjoy Party**

Mrs. Clarence M. Lee entertained a group of children on her son, Melvin's birthday. Cake, ice-cream and soft drinks were served to Claude Robertson, Jerry and John Pruitt, Barbara and Idella Plank, Jeff Thomas, Gene Henderson, Pat Folsom, Jimmy and Danny Mathis, Pat Mastosh, Joyce Mastosh, Wanda and Melvin Lee, Garry Perkins, Ramona Keller, Eddie White, Darrell Mathis, Miss Mildred Aubrey, Mrs. Llewellyn White, Mrs. A. B. Mathis, Mrs. Mastosh, Mrs. Plank and Mrs. Perkins.

**South Bay Packing House To Handle New Corn**

The Everglades Produce Company by a business transaction recently completed is now owned by Frank Anderson who purchased the share owned by Forrest Norton estate from Mr. Jack Minehan and son Forrest Norton Jr.

Mr. Anderson stated last week that the spring vegetable marketing was closed for this year and that the packing plant was now in process of being converted to take care of the summer corn crop which is expected to start coming off about July 1. He is getting the corn shellers cleaned and installed ready for this crop. The corn will be dried, shelled and sold as shelled corn.

At the close of the corn deal the plant will be reconverted to take care of snap beans and other vegetables.

**South Bay Reports Series Of Wrecks**

An epidemic of minor traffic accidents has apparently broken out in the Glades over the week end. A car occupied by negroes missed the highway bridge at South Bay entirely about 2:40 A. M. Sunday morning, and plunged into the North River Canal and landed bottom up. The occupants broke a window and exited themselves from the wrecked car and were able to reach the canal bank.

No serious injuries were sustained by either the man driver or his woman companion. Sunday a car occupied by Mr. and Mrs. Elliot Thompson of Miami struck an angle iron brace on the same bridge and followed it into the air until only the rear wheels rested on the bridge. The occupants of the car were unhurt but the services of a wrecker was re-

quired to return the car to the highway.

A 1937 Buick car was practically demolished in a wreck on State Road No. 25 below Okeelanta Sunday.

Jesse Barnes had his car badly damaged and miraculously escaped serious injury the last of the week as he was returning from a trip to West Palm Beach. About six miles this side of the city a fifteen foot ladder fell from a telephone company repair truck, just ahead of him. The ladder was attached to the truck by a long rope which caused it to bounce back and forth across the highway. In the attempt to miss the menacing ladder, Jesse swerved his car to the side road, turned over and then the car was badly damaged but he escaped any serious injury.

**South Bay May Get Substitute P. O. Clerk**

The U. S. Civil Service Commission at St. Louis, Mo., announces open competitive examination for probational (dead-end) permanent appointment to the position of Substitute Clerk at the South Bay Post Office on July 17, 1948.

Applicants must actually reside within the delivery of the post office named or be bona fide patrons of such office which includes employees of the South Bay Post Office.

Persons entitled to veterans' preference will be given preference as provided in the Veterans' Preference Act of 1944.

**Florida Firm Gets Contract For Big Canal Job**

The Army Engineers at Jacksonville after going over bids for the St. Lucie Canal project, announce that the low bidder was the Hendry Construction Company, of Bartlesville, Florida, on a bid of \$1,278,000, well under the engineer's estimates.

The contract will call for the improvement of 24 miles of the St. Lucie waterway, and the removal of the old portion of the present No. 1 dam, eight miles west of Stuart, entailing the digging of 3,540,000 cubic yards of earth and rock.

Congress has appropriated the funds for this link of the all-over drainage program, and contractors will likely have the big job completed early in 1951, thus assuring many Palm Beach and Martin County people employment.

The St. Lucie project when completed will be the main drainage outlet from the big lake. Important, but less expensive improvement will also be made on the Caloosahatchee Canal, which will care for the flood waters of Desota, Glades, Hendry and Lee counties, which are also a part of the big drainage plan.

Waters in the big lake are now down to seasonal levels and the hope is that the rainy season will not bring repetition of last fall's disastrous experience.

**Local Rebekahs Included In District Officers**

A district meeting of the Rebekah lodges of West Palm Beach, Belle Glade, and Lake Worth, was held with Golden Links lodge at Lake Worth, June 14th, with some 60 members present.

An election of officers was effected in which Mrs. Mary Dalton and Mrs. Elizabeth Yeomans of West Palm Beach, were made president and secretary, and Mrs. Loraine McTaggart, of Belle Glade, as wardens. Mrs. Thelma Davidson, assistant warden, and Mrs. Bernice Mackey, as pianist.

Belle Rebekah lodge on next Tuesday night will meet in regular session, and at that time guests will be entertained from east coast lodges.

**New Telephone Directories**

A new telephone directory for the Glades containing new and changed listings and other helpful information has just been distributed.

Approximately 175 new directories have been delivered to homes and offices, according to C. F. Jackson, manager for the Southern Belle Telephone Company.

The new directory has a gray cover, which makes it easily distinguishable from the old green-covered book.

Mr. Jackson asks that telephone users refer to the new directory for the desired number. Looking up the number helps avoid the possibility of getting a wrong number, and frequently saves time for the calling party as well as the party who might be called in error. Consulting the directory also helps

make the best use of already crowded central office equipment. "Information" should be called only when the desired number is not listed in the directory.

Because of the continuing paper shortage, only a limited supply of directories could be printed, and Mr. Jackson requests that good care be taken of the new copies. He also suggests that the old directories be turned over to scrap paper collectors with other waste paper.

**Planning Visit Of Grand Lodge Officer**

Belle Glade Lodge, No. 271, F. and A. M., last week, held a special communication for the purpose of advancing five candidates in the Master's degree. On Thursday, Grand Master L. L. Heglund, of Lake Worth, in special communication for the purpose of conducting funeral services for the late George A. Taylor Sr.

On the evening of June 22nd, official visitation to the lodge will be made by the new District Deputy Grand Master L. L. Heglund, of Lake Worth, in inspection and direction of work. The lodge will make a real event of this occasion, and expectant visitors from near by town lodges.

**Changer Made In School Faculty Forces**

The County Board of Public Instruction met in an adjourned session, on Friday, passed upon a number of teacher assignments, several of which effected Glades teachers. Eva Bryant of the Belle Glade School presented her resignation and it was accepted; Mrs. Alice Robertson, of the Ocoee School, for the past three years, was assigned to duties in the Jupiter School; Mildred Audry, of Lake Harbor, also resigned her post, and X. L. Garrison, of Pahokee, teacher and assistant coach at Pahokee, resigned, to accept the principalship of the Okeechobee High School.
